PROFESSIONAL SUMMARY

Results-driven Junior Data Analyst with hands-on experience in data cleaning, validation, analysis, reporting, and dashboard development using Excel, Power BI, SQL, and Python. Experienced in supporting national and international digital transformation initiatives with CARE Egypt, the Egyptian Ministry of Housing, Netherlands Enterprise Agency (RVO), and UAE education entities. Skilled in data quality assurance, KPI reporting, business intelligence, and transforming raw data into actionable insights that support data-driven decision-making and operational efficiency.

PROFESSIONAL EXPERIENCE

Freelance | Data Analyst & Operations Support 2021 – Present

- Collected, cleaned, transformed, and validated datasets to ensure data accuracy, consistency, and completeness.
- Performed exploratory data analysis (EDA) to identify trends, patterns, and key performance indicators (KPIs).
- Developed interactive dashboards and reports using Excel, Pivot Tables, and advanced formulas to support business decision-making.
- Prepared analytical reports and presented insights to stakeholders.
- Conducted data quality checks and validation procedures to maintain reliable reporting outputs.
- Organized and structured large datasets into digital systems, improving accessibility and usability.
- Collaborated with stakeholders to gather reporting requirements and deliver customized reports.

Floward | Senior Customer Service Officer May 2023 – Present

- Analyzed order, ticket, and operational data to identify recurring issues, trends, and process gaps.
- Ensured high data accuracy while managing customer tickets, order updates, and operational records.
- Collaborated with cross-functional teams to improve service performance and operational workflows.
- Maintained detailed operational records to support reporting and performance tracking.
- Monitored KPIs and contributed to continuous process improvement initiatives.

Vodafone Egypt | Etisalat Egypt | WE | Majorel | Customer Service Representative 2017 – 2022

- Managed high-volume customer interactions through calls, chats, and email channels.
- Maintained accurate customer records and ensured compliance with quality standards.
- Contributed to performance tracking and service quality improvement initiatives.
- Demonstrated strong communication, problem-solving, and customer relationship management skills.

DATA ANALYTICS PROJECTS

Netherlands Enterprise Agency (RVO) – Data Analysis & Dashboard Project | Power BI | Python 2026

- Conducted comprehensive data quality assurance on survey datasets collected through Kobo Toolbox.
- Reviewed and validated survey responses to identify missing values, inconsistencies, contradictions, and data entry errors.
- Performed data cleaning and transformation processes to improve data accuracy, completeness, and reliability.
- Built data models and established relationships between datasets to support reporting and analysis.
- Created custom columns and applied data transformation techniques using Power Query.
- Developed 108 analytical charts and visualizations to explore trends, patterns, and key project indicators.
- Performed exploratory data analysis (EDA) to generate actionable insights for stakeholders.
- Collaborated with project teams to ensure high-quality data and reliable reporting outputs.
- Prepared analytical reports and visualizations to support data-driven decision-making.

Tools: Power BI, Power Query, Excel, DAX, Kobo Toolbox.

Salla Contact Center Performance Dashboard | Power BI 2026

- Collected, cleaned, and transformed contact center datasets using Power Query.
- Developed an interactive Power BI dashboard to monitor operational and customer service KPIs.
- Created and tracked KPIs including Total Handled, Service Level, Abandon Rate, Average Speed of Answer (ASA), Handling Rate, and Forecast Accuracy.
- Performed agent performance analysis to evaluate productivity, service quality, and operational efficiency.
- Built ranking models and comparative analyses to assess agent and project performance.
- Created DAX measures and calculated columns to generate actionable business insights.

Pharmaceutical Inventory & Supplier Analytics Dashboard | Power BI 2026

- Developed an interactive Power BI dashboard to analyze pharmaceutical inventory and supplier performance.
- Cleaned, transformed, and modeled inventory datasets using Power Query.
- Created KPIs to monitor Total Inventory Value, Product Count, Quantity, Average Unit Cost, and Supplier Contribution.
- Analyzed inventory distribution across products and suppliers to identify high-value inventory items.
- Designed interactive visualizations to support inventory management and supplier performance analysis.
- Utilized DAX measures and calculated columns to generate actionable business insights.

DIGITAL TRANSFORMATION PROJECTS

CARE Egypt (Ertiqa & Benaa) – Digital Transformation Projects 2025

- Supported data analysis and reporting activities for development and digital transformation initiatives.
- Developed dashboards and performance reports to track KPIs and project progress.
- Assisted in data documentation, validation, and quality control processes.
- Collaborated with project teams to ensure accurate and timely reporting.

Egyptian Ministry of Housing – Digital Transformation Project 2022

- Digitized and cleaned large volumes of paper-based records.
- Structured and standardized data within centralized digital systems.
- Improved data retrieval efficiency and supported reporting activities.

UAE Education Digital Transformation Project 2021

- Integrated educational datasets into a unified digital platform.
- Improved data quality, consistency, and accuracy for national-level reporting.
- Supported data migration and documentation activities.

TECHNICAL SKILLS

- Microsoft Excel (Advanced Functions, Pivot Tables, XLOOKUP/VLOOKUP, Power Query, Reporting)
- Power BI (Data Modeling, DAX, Dashboard Development, Data Visualization)
- SQL (SELECT, JOIN, GROUP BY, Subqueries, Data Extraction)
- Python (Pandas, NumPy, Data Cleaning, Data Analysis)
- Data Cleaning & Validation
- Business Intelligence (BI) & MIS Reporting
- Data Quality Assurance
- Data Analysis & Reporting
- Data Modeling Fundamentals
- Dashboard Development & Data Visualization
- ETL Concepts
- KPI Tracking & Performance Reporting

EDUCATION

Bachelor of Science in Geology & Chemistry
Ain Shams University – 2022

SOFT SKILLS

- Analytical Thinking & Problem Solving
- Team & Cross-Functional Collaboration
- Attention to Detail & Time Management
- Communication Skills & Adaptability
- Critical Thinking & Decision-Making
- Stakeholder Management & Self-Motivation

LANGUAGES

- **Arabic:** Native
- **English:** Intermediate (Professional Working Proficiency)
